FOR IMMEDIATE RELEASE

## FSSI Expands, Inks New Lease on a Dallas-area Print and Fulfillment Facility

*Leading statement and invoice production, electronic statement presentment, and bill presentment solutions outsourcer will enhance DR services and broaden its national footprint*

SANTA ANA, CA. – July, 2010 – To broaden its national footprint for delivery of printed statements, bills, invoices and correspondence, [Financial Statement Services, Inc. \(FSSI\)](#) today announced that it will open a new operations facility in Coppell, Texas, just north of Dallas. A multi-year lease was signed and production is set to begin during the third quarter of this year. Services will include high-volume imaging and inserting. FSSI's business-continuity processing servers will also be moved to this facility, according to company president Jennifer P.W. Dietz

“The equipment and operations will mirror those in our Santa Ana facility, including FSSI's proprietary [Unique Piece Tracking \(UPT\)](#) and [letterStreamOne™](#) fulfillment,” says Dietz. “This will allow us to balance the production load and continue offering all clients the highest levels of quality and on-time delivery. The Dallas facility will also enhance business continuity for FSSI and its clients.”

Client services, software development support and file processing services will remain in California so clients will have the same strong service levels.

### **About FSSI**

Founded in 1980, FSSI is a [Woman-Owned](#), full-service provider of outsourced [statement and invoice production](#), [electronic statement presentment](#), and [bill presentment](#) (EBPP, EIPP) services. FSSI's solutions reduce overhead, capital and postal expenses, while providing unprecedented tracking and audit controls, including Unique Piece Tracking.
