Billing Rights Summary –

In Case of Errors or Question on Your Bank of America Credit Line Account Statement.

If you think your Statement is wrong, or if you need more information about a transaction on your Statement, write to us on a separate sheet at the address located in Customer Service information section on Page 1 as soon as possible. We must hear from you no later than 60 days after we sent you the first statement on which the error or problem appeared. You can telephone us at Customer Service telephone number located in the Customer Service information section on Page 1, but doing so will not preserve your rights.

In your letter, please provide us with the following information:

Your name and your Account number, and

The dollar amount of the suspected error, and

A description of the error or the transaction and an explanation, as clearly as you can, why you believe there is an error. If you need more information, a description of the item you are unsure about.

You do not have to pay any amount in question while we are investigating but you are still obligated to pay the parts of your Statement that are not in question. While we are investigating your question, we cannot report you as delinquent or take any action to collect the amount you question.

Special Rule For Credit Card Purchases and Access Card Purchases: If you have a problem with the quality of goods or services that you purchased with an Account Access Card attached to your Equity Credit Line (if you have one), and you have tried in good faith to correct the problem with the merchant, you may not have to pay the remaining amount due on the goods and services. You have this protection only when the purchase price was more than \$50 and the purchase was made in your home state or within 100 miles of your mailing address. (If we operate the merchant, or if we mailed you the advertisement for the property or services, all purchases are covered regardless of amount or location of the purchase).

Variable Interest Rate or Fixed Interest Rate Daily Principal Balance Calculation.

To get the variable interest rate or fixed interest rate daily principal balance, we:

START with the beginning principal balance each day,

ADD new checks, advances and any principal adjustments, then

SUBTRACT principal payments and credits.

The ANNUAL PERCENTRAGE RATE and the Daily Periodic rate on the front of this Billing Statement are both variable and may vary each Billing Statement period.

Fixed Rate Option Daily Principal Balance Calculation.

To get the fixed rate option daily principal balance we:

START with beginning principal balance each day,

ADD, only for the first statement period, the converted amount, and if financed, any fixed rate option conversion fee, and any principal adjustment, then SUBTRACT principal payments and credits.

Finance Charge Calculation. Daily Principal Balance Method (including current transitions).

The daily FINANCE CHARGE is calculated by multiplying the daily periodic rate by the Variable Rate of Fixed Rate Daily Principal Balance for each day in your Statement Period. If your Account includes any fixed rate options, a separate calculation is required for the Variable Rate Daily Principal Balance and for each Fixed Rate Option Daily Principal Balance. Then all of the daily FINANCE CHARGES are added, along with any fixed rate option conversion fees, to get the total FINANCE CHARGES for your Statement Period.

There is not a grace period within which you can pay off any principal balance of your Account without accruing a daily FINANCE CHARGE.

Payment Receipt Information.

For a payment to be credited to your Account on the same business day received, the payment coupon and the payment must be mailed to the payment mailing address shown on the payment coupon and received by Bank of America, N.A. at the address by 12:00 p.m. Payments received by 2:00 p.m. on business days via overnight private courier to the address you may obtain through Customer Service at the telephone number shown on Page 1, will be applied to your Account as if received on that business day. Payments received by Bank of America, N.A. from any other location, including a payment received at a Bank of America, N.A. ATM or through any bill payment service, or in any other nonstandard form, may not be credited to your Account for up to five (5) business days.
